

Subject: PA Additional Shift Requests — September and October 2026

Dear PA Team,

We are starting a new process for selecting additional shifts, using online request forms. Our goal is a process that works efficiently, effectively, and fairly for the whole team, and we have developed it with feedback from both Human Resources and the PA union. The attached document explains the process in detail.

How to use the form: Open the form at the link below and select your name, then enter the maximum number of additional shifts you want for this period. Next, rank up to seven shifts in order of preference, starting with the one you want most — use as many or as few of the seven choices as you like. Below the ranked choices, check off any other shifts you would also be willing to work; these count after your ranked picks. Please do not rank or check any shift you cannot actually work. If you need to change your answers, simply fill out the form again before the deadline — only your most recent submission counts. Please submit by [DEADLINE].

How seniority is used: Requests are processed in seniority order, one shift at a time, rotating through everyone who submits the form. More senior PAs receive their top choices first, but shifts are distributed as fairly as possible across everyone who applies, and no one receives more shifts than they asked for.
